Section 1: Identification

Product identifier
Product Name • 2705M, 2826MB, 2826MB3, 2714A, AHEF-1 and 2605CO
Synonyms • Amorphous Metal Ribbon

Relevant identified uses of the substance or mixture and uses advised against
Recommended use • Ferromagnetic electrical or electronic control material

Details of the supplier of the safety data sheet
Manufacturer • Metglas Inc.
440 Allied Drive
Conway, SC 29526
United States
www.metglas.com

Telephone (General) • 843-349-6800

Emergency telephone number
Manufacturer • 800-581-7654

Section 2: Hazard Identification

United States (US)
According to: OSHA 29 CFR 1910.1200 HCS

Classification of the substance or mixture
OSHA HCS 2012 • Not classified

Label elements
OSHA HCS 2012

Hazard • No label element(s) required

Other hazards
OSHA HCS 2012 • Under United States Regulations (29 CFR 1910.1200(c) - Hazard Communication Standard), the product(s) listed above are exempt as article(s) under stated normal conditions of use.

Other information
• As an article this material does not legally require an SDS.

Section 3 - Composition/Information on Ingredients

Substances

• Material does not meet the criteria of a substance.
Section 4: First-Aid Measures

Description of first aid measures

Inhalation  • Move victim to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing. If signs/symptoms continue, get medical attention.

Skin  • In case of contact with substance, immediately flush skin with running water for at least 20 minutes.

Eye  • If contact with material occurs flush eyes with water.

Ingestion  • Not a normal route of entry.

Most important symptoms and effects, both acute and delayed

• Under normal conditions of use, no health effects are expected.

Indication of any immediate medical attention and special treatment needed

• All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

Section 5: Fire-Fighting Measures

Extinguishing media

Suitable Extinguishing Media  • In case of fire use media as appropriate for surrounding fire.

Unsuitable Extinguishing Media  • No data available

Special hazards arising from the substance or mixture

Unusual Fire and Explosion Hazards  • Product may burn if involved in a structural fire.

Hazardous Combustion Products  • Toxic and irritating vapors may be released if the product melts or burns in a fire.

Advice for firefighters

• Wear positive pressure self-contained breathing apparatus (SCBA). Structural firefighters’ protective clothing will only provide limited protection.

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Personal Precautions  • No special precautions expected to be necessary if material is used under ordinary conditions and as recommended. Use caution in handling as edges are very sharp.

Emergency Procedures  • No emergency procedures are expected to be necessary if material is used under ordinary conditions as recommended. Use normal clean up procedures.

Environmental precautions
• Avoid runoff to waterways and sewers.

Methods and material for containment and cleaning up
Containment/Clean-up Measures
• Pick up and place into proper storage.

Section 7 - Handling and Storage

Precautions for safe handling
Handling • Use good safety and industrial hygiene practices. Cut hazard. Ribbon must be handled with care and use cut resistant gloves.

Conditions for safe storage, including any incompatibilities
Storage • Store material in a dry place.

Section 8 - Exposure Controls/Personal Protection

Control parameters

Exposure controls

Engineering Measures/Controls • Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values.

Personal Protective Equipment

Respiratory • In case of insufficient ventilation, wear suitable respiratory equipment.

Eye/Face • Wear safety glasses when grinding, sanding, cutting and/or welding product.

Skin/Body • Wear cut-resistant gloves.

Environmental Exposure Controls • Controls should be engineered to prevent release to the environment, including procedures to prevent spills, atmospheric release and release to waterways. Follow best practice for site management and disposal of waste.

Key to abbreviations
ACGIH = American Conference of Governmental Industrial Hygiene
NIOSH = National Institute of Occupational Safety and Health
OSHA = Occupational Safety and Health Administration
STEL = Short Term Exposure Limits are based on 15-minute exposures
TWA = Time-Weighted Averages are based on 8h/day, 40h/week exposures

### Section 10: Stability and Reactivity

#### Reactivity
- No dangerous reaction known under conditions of normal use.

#### Chemical stability
- Stable under normal temperatures and pressures.

#### Possibility of hazardous reactions
- Hazardous polymerization will not occur.

#### Conditions to avoid
- No data available

#### Incompatible materials
- Product can be attacked by moisture and corrosive materials.

#### Hazardous decomposition products
- Toxic vapors and metallic fumes may be released if melted in a fire.

### Section 11 - Toxicological Information

Potential Health Effects

Inhalation

Acute (Immediate) • Under normal conditions of use, no health effects are expected.
Chronic (Delayed) • No data available

Skin

Acute (Immediate) • Under normal conditions of use, no health effects are expected.
Chronic (Delayed) • No data available

Eye

Acute (Immediate) • Under normal conditions of use, no health effects are expected.
Chronic (Delayed) • No data available

Ingestion

Acute (Immediate) • Under normal conditions of use, no health effects are expected.
Chronic (Delayed) • No data available

Carcinogenic Effects

• Due to the form of the product, exposure to the potentially carcinogenic components is not expected.

Section 12 - Ecological Information

Toxicity

• Non-mandatory section - information not compiled for this reason.

Persistence and degradability

• Non-mandatory section - information not compiled for this reason.

Bioaccumulative potential

• Non-mandatory section - information not compiled for this reason.

Mobility in Soil

• Non-mandatory section - information not compiled for this reason.

Other adverse effects

• Non-mandatory section - information not compiled for this reason.

Section 13 - Disposal Considerations

Waste treatment methods

Product waste • Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

Packaging waste • Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.
